

Will people be drinking?

Are their parents going to be there?

Be home by 11:00

When I was your age...

Who's going to be there?

Did you finish your homework?

Think about your future...

I need to call their parents

You can't see that movie!

**Your parents are "ruining" your life
so that YOU DON'T.**

Where are you going?

*Are you wearing that?
If so, go change.*

Call us when you get there

*You have to spend time with
the family this weekend*

Who's driving?

They're your parents and they're trying to show they care... So let them.
